**Venue :** International Ballroom, Wyndham Hotel, Baltimore, MD

**Instructor :** Stephen Adams, Managing Director, Magister Ltd.

**Content :**

This workshop will be run in two related halves. Part 1 (Morning) will address issues of content (country coverage, document kinds, year range, searchable fields) for the principal free-of-charge Internet patent search engines, including the USPTO, WIPO, JPO, esp@cenet, depatisnet and other multi- and single-country sites. Part 2 (Afternoon) will consider the same content issues for the commercial database sector, both browser-based (MicroPatent, PatBase) and commercial databases loaded on the principal commercial vendors.

**Please note – mid-morning or mid-afternoon refreshments will be available, but lunch will NOT be provided.**

**I would like to attend the workshop “Database coverage”: (Please mark ONE option)**
