

## PIUG 2014 Annual Conference Workshop

### Fundamentals of Current Patent Law

#### Time and location

Saturday, April 26: 1:00pm – 5:00pm in Garden 4 meeting room

#### Abstract

This workshop will explain the fundamentals of patent law, the meaning of terminology used in patent databases, and the significance of patent laws to searching. This is the underlying framework that usually "goes without saying" when patent searchers are trained. . Topics will include the conditions for patentability, ownership and assignment of patent rights, priority and the Paris Convention, patenting procedures, patent families, and variability among the patent laws of the United States and other patenting authorities, and will include recent changes that may affect patent searches.

#### Presenter

Edlyn Simmons, Simmons Patent Information Service, LLC

Email: [edlyns@earthlink.net](mailto:edlyns@earthlink.net)

Edlyn S. Simmons retired in 2009 from her position as Principal Information Scientist in the Global Business Services Infolytics group at The Procter & Gamble Company in Cincinnati, Ohio, and founded Simmons Patent Information Service, LLC. Previously she was for many years the Manager of the Patent Information Group in the Patent Department of Hoechst Marion Roussel, Inc.

She has been a registered U.S. patent agent since 1977, and has written and prosecuted patent applications filed in the United States and internationally. She received B.S. and M.S. degrees in chemistry from the University of Cincinnati, and did graduate work in organic chemistry at Arizona State University.

Edlyn is past president and past director-at-large of the Patent Information Users Group. She has lectured and published extensively in the field of chemical and patent information and was the recipient of the International Patent Information Award in 2005. She has been a member of the faculty of the PERI Patent Searching and PIUG Patent Information Fundamentals courses since 1989 and has been course director since 1996. She is a member of the American Chemical Society Divisions of Chemical Information and Chemistry and the Law, and is a member of the ACS Joint Board-Council Committee on Patents and Related Matters. She is also a member of the Association of Independent Information Professionals (AIIP) and is on the editorial board of World Patent Information, The International Journal for Industrial Property Documentation, Information, Classification and Statistics.
