

PIUG 2021 Annual Conference Workshop

Title: **The Trifecta of Expert Curated Data: SequenceBase, Derwent Innovation & Innography**

Time and location: Monday, May 24: 2:00pm – 3:00pm; Socio Virtual Conference App

Abstract:

Join us for a tour of new and enhanced data integration in our Patent Intelligence product suite. This session will illustrate different workflows to leverage GENESEQ data, the Derwent World Patents Index (DWPI) and Darts-ip global patent litigation data to support all stages of the IP life cycle.

Presenter:

Laura Bantle, Registered Patent Attorney #70,462, Solution Consultant, Clarivate

Background:

Laura is a Solution Consultant with the Derwent™ business at Clarivate Analytics. Laura is a registered US patent attorney and is a member of the Minnesota Bar, with 10 years of experience in IP due diligence, patent and legal research, litigation strategy, and contract drafting. Her primary goal is working with customers to successfully develop and implement their patent research, analytics, and portfolio strategy. Laura earned her B.S. from the College of Biological Sciences at the University of Minnesota, and graduated magna cum laude from William Mitchell College of Law where she served as Editor-in-Chief of the Cybaris® Intellectual Property Law Review. Prior to joining Clarivate Analytics, Laura gained corporate industry experience in pharmaceutical regulatory compliance, patent licensing, and M&A due diligence.

Jonathan Beaty, Intellectual Property Intelligence Solutions Consultant, Clarivate

Background:

Jonathan is a Solution Consultant at Clarivate with a particular focus in the Innography business. Prior to joining Clarivate, Jonathan was an engineer in the autonomous driving and telematics space at a fortune 500 company, a patent analyst at an AM Law 100 firm, and a patent prosecution practitioner in the electrical, mechanical, and computer engineering spaces at another AM Law 100 firm. Jonathan's primary goal, both as a former customer of many Clarivate solutions and as a Clarivate consultant, is to solve our customers and prospects technical IP challenges across the IP lifecycle. Jonathan earned his B.S. in Electrical Engineering and Computer Engineering at Oregon State University.

Chris Baldwin, Director, Solutions Team Americas

Background:

Chris has been involved in the patent information field for over 20 years and is currently the Director of the Solutions Team for the Americas Region Patent Sales at Clarivate. Prior to joining Clarivate, Chris was a solution consultant for LexisNexis PatentSight helping clients use patent analytics to inform critical business decisions. He started his career in 1996 and honed his patent analysis skills as an information scientist with E. I. duPont de Nemours & Co. supporting Central Research & Development's discovery and innovation engine until 2016. Chris has been a member of PIUG, on and off, since 1999 and was a recipient of a 2019 PIUG Service Award for his volunteer work for the organization. Chris lives in Newark, DE with his wife Carrie and two children: Ryan and Kaytelin. If you are curious to know how he spends his time outside of the patent world: you may find him on hiking on the Appalachian Trail with the Boy Scouts, camping in the mountains of West Virginia, surfing at the (South) Jersey Shore, or working on a project in his workshop.
