

PIUG 2021 Annual Conference Workshop

Title: **The changing face of patent software solutions, what's next on the horizon at Minesoft?**

Time and location:

Monday, May 24: 11:30am – 12:30pm; Socio Virtual Conference App

Abstract:

STN Patent Forum

Friday, May 28th from 9:00am-12:00pm ET

Agenda:

9:00am-10:00am "What's New in STNNext"

10:00am-11:00am "Catalyst Searching on STNNext"

11:00am-12:00pm "New Approaches on STNNext for Finding Antibody Drug Conjugates"

Presenters:

Darryl French, CAS; Jim Brown, FIZ-K; John Zabilski, CAS

Backgrounds:

Darryl French

Darryl French is a Customer Success Specialist at CAS, where he helps train and support accounts with the SciFinder Discovery Platform, the STN IP Protection Suite and CAS Scientific Patent Explorer. An organic chemist, he worked at the USPTO as a prior art searcher for four years before coming to CAS as a document analyst before moving into his current role.

Jim Brown

Jim Brown is presently the Senior Key Account Manager for FIZ Karlsruhe in the U.S. His current duties at FIZ Karlsruhe Inc. include sales, customer trainings, authoring workshop manuals and presentations, and representing FIZ at conferences and exhibits. Jim was on the PIUG Board of Directors from June 2010 to June 2012 in the position of secretary; from June 2012 to June 2016 he served on the PIUG Board of Directors as Vice-Chair.

John Zabilski

John Zabilski is currently a Senior Principal Customer Success Specialist at Chemical Abstracts Service (CAS) training strategic accounts on the SciFinder-n Discovery Platform, the STN IP Protection Suite and the CAS Scientific Patent Explorer. John has been at CAS for nearly 40 years, starting in the editorial division, serving in product development and additional technical positions. John is a registered US Patent Agent (No. 59,626), a Qualified Patent Information Professional (Registration No.20190010100257) and the chair of the PIUG Education and Training Committee.
